

THEY SAY SMOKING MARIJUANA CAN WRECK YOUR LIFE.
AND THE GOVERNMENT IS MAKING SURE OF IT.

More than 500,000 Americans are arrested on marijuana charges every year. They can lose their jobs or student loans or access to public housing. Many end up in jail. Prohibition didn't work for alcohol, and it's not working for marijuana. It's clear to us that the war on drugs is actually a war on people. We're the Drug Policy Alliance. We stand for reason, compassion, and justice. Join us.
